**Commentary on Final Employer Offer**

In SUN's response of May 29, 2008 delivered at 3:56 pm., by the conciliator, it was requested the Employer show flexibility or table a final offer.

Within the attached document the Employer has shown flexibility and has tabled a final offer.

This final offer:

- Supports the Saskatchewan Union of Nurses and the Government of Saskatchewan's Partnership Agreement.
- Guarantees the number of full time equivalent nurses.
- Addresses recruitment and retention.
- Achieves competitiveness with respect to wages and premiums with Alberta in the first year of this agreement.

The Employer committee respectfully requests that the SUN membership be given the opportunity to vote on acceptance of this offer.
